

8th Asia-Oceania Symposium on Fire Science and Technology

The 8th Asia-Oceania Symposium on Fire Science and Technology (AOSFST) will be held in Melbourne, Australia in December 2010 organised by Victoria University's Centre for Environmental Safety and Risk Engineering (CESARE).

This symposium is held under the auspices of the International Association for Fire Safety Science (IAFSS) and is held every three years. The most recent very successful symposium was held in Hong Kong in 2007.

The symposium interim website is at <http://www.vu.edu.au/events/8th-asia-oceania-symposium-on-fire-science-and-technology> and the full symposium website will be available shortly at www.vu.edu.au/aosfst

CALL FOR PAPERS

Papers on any aspect of fire science and technology are invited for presentation at the symposium. Full papers are required. Papers will receive at least two independent peer reviews and those accepted for presentation at the symposium will be notified by 30 September, 2010. Papers must be presented by an author at the conference.

The program committee is chaired by Professors Bogdan Dlugogorski and Eric Kennedy of the University of Newcastle.

Full papers are required by 14 June, 2010. Papers are required to be submitted electronically through the link on the symposium website. The format required is the IAFSS format as used by IAFSS for its 10th Symposium (<http://www.haifire.com/iafss/index.htm>). Author's instructions and paper template are attached to this email for your convenience.

The conference language is English and all papers and presentations must be in English. All accepted and presented papers will be included in the symposium proceedings and will be electronically published by IAFSS.

SYMPOSIUM VENUE

The symposium will be held at Rydges on Swanston Hotel, which is in Melbourne's university precinct, very close to the centre of Melbourne and may be conveniently reached in a few minutes by walking or by tram from any part of the Melbourne CBD.
