

Exchange Meeting of SFPE Asia-Oceania Chapters
in Hong Kong in Saturday, June 23, 2012
(the First Announcement)

Preface:

One year has passed since we met in the last exchange meeting of SFPE Asia-Oceania chapters in Seoul, where we decided to hold the next SFPE Exchange meeting in Hong Kong taking the opportunity of SFPE Conference on PB-codes and PB-design. After I consulted with Prof. Chow and Prof. Chien along with Mr. Barber and Mr. Hurley as representatives of SFPE Board, we have decided to hold the SFPE Exchange meeting of Asia-Oceania region in Hong Kong in June 23, 2012 on the day just after the SFPE Conference. Prof. Chow kindly has offered to book rooms for our meeting in the morning and the afternoon in Hong Kong Polytechnic University. At present, we tentatively plan the next exchange meeting as stated below. I hope that many friends from different countries and regions will participate in this meeting and will deepen exchange with each other. I look forward to seeing you soon there.

The Hong Kong Polytechnic University

Prof. Ai Sekizawa
Chairman, Coordination Committee of SFPE Asia-Oceania Chapters

Date: June 23, Saturday, 2012

Venue Information:

Hong Kong Polytechnic University

Hung Hom, Kowloon, Hong Kong

Website www.polyu.edu.hk

The room for the meeting will be specified soon.

Time and Outline of the meeting and the seminar:

In the morning (9:30-12:00): The exchange meeting of SFPE chapters

- * Reports and information exchange from each SFPE chapter regarding current activity and/or issues by the representatives in SFPE chapters.

In the afternoon (13:30-16:30): Open seminar regarding interesting topics

- * Introduction of remarkable topics and/or projects such as the change of B.C. and F.C., super tall buildings, underground facilities, or fire protection engineering profession, etc.
- * Presentation on the specially selected topic by some one from SFPE Board

Note: The detailed agenda will be shortly announced.
