

Joint Symposium 2010 on “Low Carbon High Performance Buildings” on 23 November 2010

The Department is pleased to report that the Joint Symposium 2010 themed “Low Carbon High Performance Buildings” was held successfully on Tuesday, 23 November, 2010 at Kowloon Shangri-La Hotel, with over 180 participants attended.

Joint Symposium 2010

Participants

This annual event is jointly organized by the CIBSE Hong Kong Branch, the HKIE Building Services Division, the ASHARE Hong Kong Chapter and the Department of Building Services Engineering, The Hong Kong Polytechnic University.

The symposium provides a good platform for professionals and academia to exchange knowledge and experience on current developments, trends, important issues and research findings on low carbon high performance buildings.

Poster session

Symposium banquet

A number of local and overseas honourable speakers were invited to deliver papers and share results of their studies and experience in the symposium.

BSE took an active role in providing supports in organizing this event, preparing conference proceedings, as well as presenting papers and chairing sessions at the symposium. The symposium was a successful one as it was well received by the conference attendants.

Session chaired by Dr. T. M. Chung

Session chaired by Prof. Simon Deng

Paper presentation by Dr. Horace Mui

Participants attending paper presentation sessions

The Department will continue to support this annual event and is looking forward to its greater success in the years to come.
